<b>TEAM MEMBER 4</b>					
Name:		City & State:		Cong. Dist.	
Team Contribution:					
<b>For more than 4 Team Members, please provide the above information after the abstract information below.</b>					

U.S. DEPARTMENT OF ENERGY

PROJECT SUMMARY SHEET

**PUBLIC ABSTRACTS OF PROJECT:**

**Technical Abstract of Project:** In the space below include a technical (public) abstract of not more than 500 words clearly stating the objectives of the proposed research, the title of the project, methodology, and sponsoring organization(s). This self-contained document should be suitable for publication and identify objectives of the project, methods to be employed, and the potential impact of the project (i.e., benefits, outcomes). This abstract should be informative to other persons working in the same or related fields. This document must not include any proprietary or sensitive business information as the Department may make it available to the public.

**Non-Technical Abstract:**

Please provide 2-5 sentences which would explain in layman terms what this project is intending to do and its anticipated benefits. This description will be used by DOE in instances where a technical abstract is not easily understood by an audience with non-scientific background.
